## **Equipment**

DRI specialises in lifting/handling and is the sale distributor for all Ingersoll Rand material handling products for France.

- Utility Air winches  
Capacity : 300Kg to 10T
- Utility Hydraulics winches  
Capacity : 600Kg to 10T
- Utility Electrical winches  
Capacity : 300Kg to 80T

- Man Riding Air winches  
Capacity : 150Kg to 3T
- Man Riding Hydraulic winches  
Capacity : 150Kg to 1.5T

- Air Chain Hoists  
Capacity : 125Kg to 100T
- Hydraulic Chain hoists  
Capacity : 6T to 100T
- Subsea Hydraulic Hoists  
Capacity : 6T to 50T

# Market & Application Overview

---

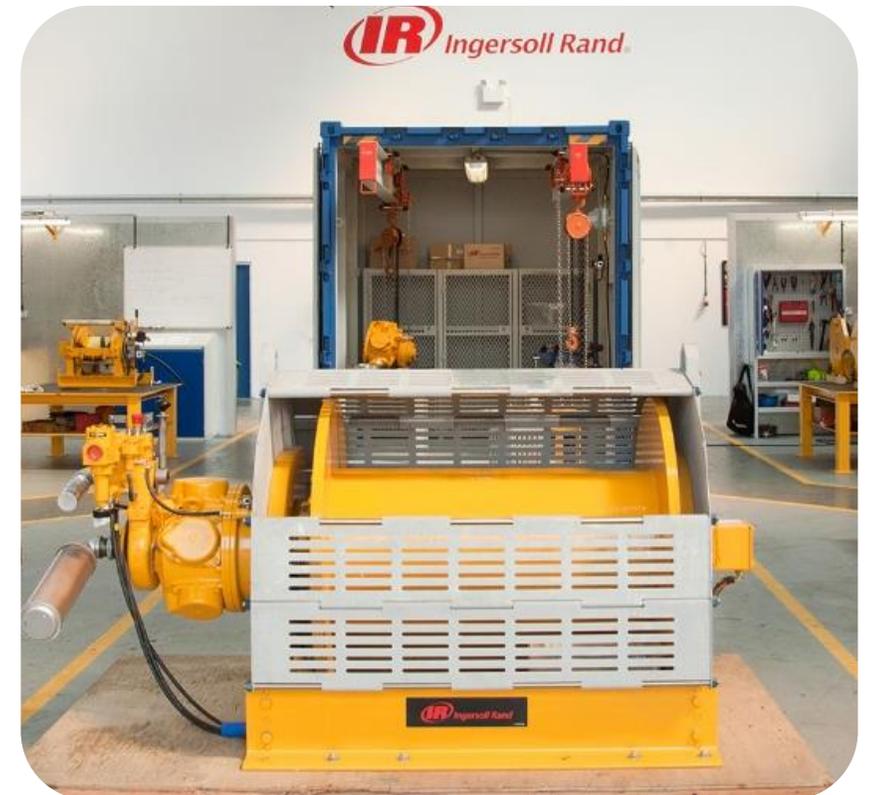

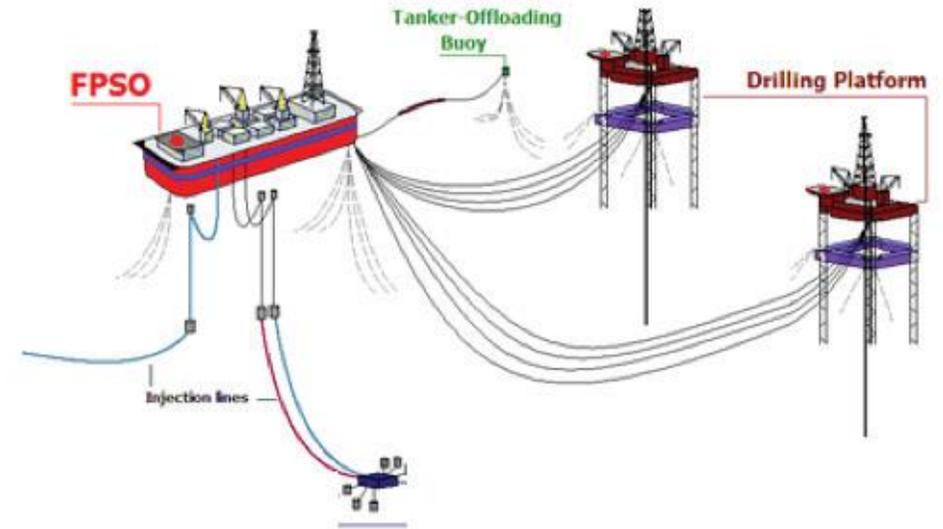

## ➤ Offshore Drilling Rigs

- Air or Hyd. Hoists for BOP Handling Applications
- Air or Hyd. Winches for Man Riding Applications
- Utility Lifting applications on the drill floor, moon pool ...
- Portable winches for Monkey board applications
- Winches for Guideline/Pod-line Applications

# Pipping

- Tensioning of the stowage chains on offshore buoys
- General lifting applications on FPSO's

# Sub Sea

- Man riding applications (diving basket)
- Hydraulic Hoists

**IR** Ingersoll Rand

## Subsea Hydraulic Hoists

6 ton - 50 ton

### Specifically Designed for Underwater Use

- 30-meter operational depth!
- Fully enclosed gear box
- Disconnectable pendant
- 100% progressive speed control
- Plug and play design
- Precise orbital hydraulic motor
- Corrosion-resistant chain and housing
- Vertical or horizontal use

L'Oil and Gas se spécifie par une activité de **forage** soit en mer avec les plateformes **off-shore** ou bien terrestres avec les plateformes **on-shore**. Ce secteur d'activité demande une **fiabilité** de produits et une **résistance importante** car l'environnement est assez difficile surtout en milieu marins.

DRI, spécialiste dans le domaine du **levage/manutention** et **transfert de fluides**, possède les produits et les **capacités nécessaires** pour répondre aux **besoins des clients** de l'Oil and Gas. DRI est en **partenariat** dans le secteur Oil and Gas avec **Subsea 7 et Total**.
